PROXY STATEMENT

ANNUAL MEETING OF STOCKHOLDERS To Be Held June 13, 2007

This proxy statement and the enclosed proxy card are intended to be sent or given to stockholders of inTEST Corporation on or about May 11, 2007, in connection with the solicitation of proxies on behalf of our Board of Directors for use at the 2007 Annual Meeting of Stockholders, to be held on Wednesday, June 13, 2007, at 11:00 A.M. Eastern Daylight Time, in our offices located at 7 Esterbrook Lane, Cherry Hill, New Jersey.

The following questions and answers present important information pertaining to the meeting:

Q: Who is entitled to vote?

A: Stockholders of record as of the close of business on April 18, 2007 may vote at the meeting.

Q: How many shares can vote?

A: There were 9,389,571 shares issued and outstanding as of the close of business on April 18, 2007. Every stockholder may cast one vote for each share owned.

Q: What may I vote on?

A: You may vote on the following items:

- the election of six directors who have been nominated to serve on our Board of Directors;
- the approval of the inTEST Corporation 2007 Stock Plan;
- the ratification of the selection of KPMG LLP as our independent registered public accounting firm for the year ending December 31, 2007; and
- any other business that may properly come before at the meeting.

Q: Will any other business be presented for action by stockholders at the meeting?

A: Management knows of no business that will be presented at the meeting other than that which is set forth in this proxy statement. If any other matter properly comes before the meeting, the persons named in the accompanying proxy card intend to vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Q: How does the Board of Directors recommend that I vote on each of the proposals?

A: The Board recommends a vote "FOR" each of the director nominees, "FOR" the approval of the inTEST Corporation 2007 Stock Plan, and "FOR" the ratification of our independent registered public accounting firm.

Q: How do I vote my shares?

A: The answer depends on whether you own your inTEST shares directly (that is, you hold stock certificates that show your name as the registered stockholder) or if your shares are held in a brokerage account or by another nominee holder.

If you own inTEST shares directly: your proxy is being solicited directly by us, and you can vote by paper, telephone or Internet, or you can vote in person if you attend the meeting.

If you vote by paper, please do the following: (1) sign and date the enclosed proxy card, (2) mark the boxes indicating how you wish to vote, and (3) return the proxy card in the prepaid envelope provided. If you sign your proxy card but do not indicate how you wish to vote, the proxies will vote your shares "FOR" each of the director nominees, "FOR" the approval of the inTEST Corporation 2007 Stock Plan, "FOR" the ratification of KPMG LLP as our independent registered public accounting firm and, in their discretion, on any other matter that properly comes before the meeting.

If you vote by telephone or over the Internet, you will find instructions on the enclosed proxy card that you should follow. There may be costs associated with telephonic or electronic access, such as usage charges from Internet access providers and telephone companies that must be paid by the stockholder.

If you hold your inTEST shares through a broker, bank or other nominee: you will receive a voting instruction card directly from the nominee describing how to vote your shares. If you receive a voting instruction card, you can vote by completing and returning the voting instruction card. You may also be able to vote by telephone or via the Internet. Please refer to the instructions provided with your voting instruction card for information about voting in these ways.

If you hold your shares through a nominee and want to vote at the meeting: you must obtain a "legal proxy" from the nominee recordholder authorizing you to vote at the meeting.

Q: What if I want to change my vote or revoke my proxy?

A: A registered stockholder may change his or her vote or revoke his or her proxy, at any time before the meeting by notifying our corporate secretary, Hugh T. Regan, Jr., in writing, that you revoke your proxy. You may then vote in person at the meeting or submit a new proxy card. You may contact our Transfer Agent, Computershare Investor Services, at (877) 282-1168 to get a new proxy card. We will count your vote in accordance with the last instructions we receive from you prior to the closing of the polls, whether they are received by Internet, telephone or paper. If you hold your shares through a broker, bank or other nominee and wish to change your vote, you must follow the procedures required by your nominee.

Q: What is a quorum?

A: The presence at the meeting (in person or by proxy) of a majority of the shares entitled to vote at the meeting constitutes a quorum. A quorum must be present in order to convene the meeting.

Q: How will directors be elected?

A: A plurality of the votes cast at the meeting is required for the election of directors.

Q: What vote is required to approve the inTEST Corporation 2007 Stock Plan?

A: To approve the 2007 Stock Plan, a majority of the shares of stock that are present in person or by proxy and entitled to vote at the meeting must be voted in favor of the approval.

Q: What vote is required to ratify the appointment of KPMG LLP as the independent registered public accounting firm for the year ending December 31, 2007?

A: To ratify the appointment, a majority of the shares of stock that are present in person or by proxy and entitled to vote at the meeting must be voted in favor of the ratification.

Q: If I hold shares through a nominee, what is the effect if I fail to give voting instructions to the nominee?

A: Generally, banks, brokers and other nominees have discretionary authority to vote shares on matters that are deemed routine. The election of directors and the ratification of our independent registered public accounting firm at this meeting are considered routine matters. Therefore, brokers, banks and other nominees will have discretion to vote on the proposals regarding the election of directors and the ratification of our independent accounting firm without instructions from you, so if you fail to give instructions to your broker or other nominee, your shares will be voted "FOR" each of the nominees for director and "FOR" the ratification of our independent registered public accounting firm. Brokers, banks and other nominees will not have discretion to vote on the proposal regarding the approval of the inTEST Corporation 2007 Stock Plan if you do not provide voting instructions on this matter. Thus, if you fail to give instructions to your broker or other nominee, your shares will not be counted as entitled to vote with respect to the proposal to approve the inTEST Corporation 2007 Stock Plan and will therefore have no effect on the outcome of such approval.

Q: What is the effect if I abstain or withhold my vote?

A: Withheld votes will have no effect on the outcome of the election of directors. Abstentions will have the effect of a vote "AGAINST" the ratification of the appointment of our independent registered public accounting firm and the approval of the inTEST Corporation 2007 Stock Plan.

Q: Do the directors and officers of inTEST have an interest in the outcome of the matters to be voted on?

A: Our directors and officers will not receive any special benefit as a result of the outcome of the matter to be voted on, except that our non-employee directors will receive compensation for such service as described elsewhere in this proxy statement under the

heading "Director Compensation" and directors and officers are eligible for equity awards under the inTEST Corporation 2007 Stock Plan. No such awards are expected to be made under the inTEST Corporation 2007 Stock Plan prior to the approval of the Plan by our stockholders.

Q: How many shares do the directors and officers of inTEST beneficially own, and how do they plan to vote their shares?

A: Directors and executive officers, who, as of April 18, 2007, had beneficial ownership (or had the right to acquire beneficial ownership within sixty days following April 18, 2007) of approximately 23% of our outstanding common stock, are expected to vote, or direct the voting of their shares, in favor of the election of the six nominees for director, the approval of the inTEST Corporation 2007 Stock Plan and the ratification of our independent registered public accounting firm.

Q: Who will count the votes?

A: Our Transfer Agent will count the votes cast by proxy. The Assistant Secretary of inTEST will count the votes cast in person at the meeting and will serve as the Inspector of Election.

Q: Who can attend the meeting?

A: All stockholders are invited to attend the meeting.

Q: Are there any expenses associated with collecting the stockholder votes?

A: We will reimburse brokerage firms and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and other materials to our stockholders. We do not anticipate hiring an agency to solicit votes from stockholders at this time; however, if we determine that such action would be appropriate or necessary, we would pay the cost of such service. Officers and other employees of inTEST may solicit proxies in person or by telephone but will receive no special compensation for doing so.

VOTING SECURITIES AND PRINCIPAL STOCKHOLDERS

The following table sets forth certain information known to us regarding the beneficial ownership of our common stock as of April 18, 2007 (except where otherwise noted) by:

- each of our Named Executive Officers (as that term is defined later in this proxy statement under the heading "Executive Compensation");
- each of our directors;
- all directors and executive officers as a group; and
- each stockholder known by inTEST to own beneficially more than 5% of our common stock.

Percentage ownership in the following table is based on 9,389,571 shares of common stock outstanding as of April 18, 2007. We have determined beneficial ownership in the table in accordance with the rules of the Securities and Exchange Commission ("SEC"). In computing the number of shares beneficially owned by any person and the percentage ownership of that person, shares of common stock subject to options held by such person that are currently exercisable, or will become exercisable by June 17, 2007 ("Option Shares"), are deemed to be beneficially owned by such person and outstanding for the calculation of such person's percentage ownership. However, we have not deemed these shares to be outstanding for computing the percentage ownership of any other person. To our knowledge, except as set forth in the footnotes below, each stockholder identified in the table possesses sole voting and investment power with respect to all shares of common stock shown as beneficially owned by such stockholder.

ELECTION OF DIRECTORS

Our bylaws provide that our Board of Directors shall consist of not less than five directors, as determined by the Board of Directors, and that each director shall hold office until the next Annual Meeting of Stockholders and until a successor shall be duly elected and qualified, or until his earlier resignation, retirement or removal. The number of directors that presently constitute the entire Board is six.

Listed below are the six nominees for director. The persons designated as proxies in the accompanying proxy card intend to vote "**FOR**" each such nominee, unless a contrary instruction is indicated on the proxy card. If for any reason any such nominee should become unavailable for election, the persons designated as proxies in the proxy card may vote the proxy for the election of another person nominated as a substitute by the Board of Directors, if any person is so nominated. We have no reason to believe that any of the nominees will be unable or unwilling to serve if elected, and all nominees have expressed their intention to serve the entire term for which election is sought.

The names of the persons nominated for election, each of whom presently serves as a director, are listed below, together with their ages and certain other information regarding the nominees.

Robert E. Matthiessen has served as our Chief Executive Officer since August 1998 and our President since February 1997. From 1980 to December 1995, Dr. Daniels held several management positions with Siemens Corporation and its subsidiaries.

James J. Greed, Jr. has served as a director since our acquisition of Temptronic in March 2000. From April 1991 to December 1999, Mr. Greed was President of VLSI Standards, Inc., a leading supplier of calibration standards to the semiconductor and related industries. Following his retirement from VLSI, Mr. Greed founded Foothill Technology, a consulting firm, and has served as its Principal since its inception. From July 1992 through December 1999, Mr. Greed also served on the board of directors of Semiconductor Equipment and Materials International ("SEMI"), an international trade association, serving as chairman for the 1996-1997 term and chairman of its International Standards Committee since 1994.

In making the foregoing determination with respect to our non-employee directors, the Board did not identify any matters, transactions, relationships or arrangements that needed to be considered in determining independence of these directors; except that the Board considered the role of Mr. Schwartz as Of Counsel to Saul Ewing LLP, a law firm that provides us with legal services.

Recommendation

The Board of Directors recommends a vote "**FOR**" the election of each of the nominees to the Board of Directors named above.

CORPORATE GOVERNANCE

Committees of the Board of Directors

Our Board of Directors has five standing Committees: an Executive Committee, an Audit Committee, a Compensation Committee, a Nominating and Corporate Governance Committee and an Intellectual Property Committee. Copies of the charters of each of these committees are posted on our website: www.intest.com.

The Executive Committee is appointed by the Board of Directors to exercise all powers and authority of the Board of Directors in the management of our business and affairs during intervals between meetings of the Board of Directors, and to provide oversight of, and make recommendations to, the Board of Directors regarding corporate initiatives and strategies. During 2006, the Committee consisted of Alyn R. Holt, Chairman, Robert E. Matthiessen, Stuart F. Daniels, and James W. Schwartz. The Committee held one meeting during 2006.

The Audit Committee is appointed by the Board of Directors to assist the Board of Directors in fulfilling its oversight responsibilities with respect to our financial management and controls. The Committee's primary oversight responsibilities relate to the integrity of our accounting and financial reporting processes, audits of our financial statements, and systems of internal control over financial reporting and accounting matters, and the independence, qualifications, retention, and performance of our independent registered public accounting firm. During 2006, the members of the Committee included Thomas J. Reilly, Chairman, Richard O.

Endres, Stuart F. Daniels, James J. Greed, Jr., James W. Schwartz, Esq., and Joseph A. Savarese. Mr. Savarese served on the Committee through the completion of his tenure on the Board in August 2006 and Mr. Endres served on the Committee until his retirement in November 2006. Dr. Daniels joined the Committee in November 2006. The Board of Directors has determined that Mr. Reilly meets the criteria of an "audit committee financial expert" as that term is defined in Item 401 of Regulation S-K. The Board of Directors has also determined that each of the members of the Committee is independent within the meaning of Rule 4200. The Committee held nine meetings during 2006.

The Compensation Committee is appointed by the Board of Directors to review, evaluate, and make recommendations to the Board of Directors regarding the compensation and benefit programs of our executive officers and to administer our equity based compensation plans. During 2006, the members of the Committee included Stuart F. Daniels, Chairman, Richard O. Endres, Alyn R. Holt, James J. Greed, James W. Schwartz and Joseph A. Savarese. Mr. Savarese served on the Committee through the completion of his tenure on the Board in August 2006 and Mr. Endres served on the Committee until his retirement in November 2006. During 2006, the Committee was not comprised solely of independent directors. Thus, the recommendation of a majority of the independent directors of the Board (all of whom served on the Committee) was required before Board approval of any Committee recommendation regarding compensation of executive officers. In March 2007, Mr. Holt resigned from the Committee. Following Mr. Holt's resignation, the Committee is comprised solely of independent directors. The Committee held three meetings during 2006.

The Nominating and Corporate Governance Committee is appointed by the Board of Directors to select and recommend to the Board the director nominees to be presented for election at future annual meetings of stockholders and to review and assess our corporate governance procedures. During 2006, the members of the Committee included James J. Greed, Jr., Chairman, Richard O. Endres, Stuart F. Daniels, James W. Schwartz, Esq. and Joseph A. Savarese. Mr. Savarese served on the Committee through the completion of his tenure on the Board in August 2006 and Mr. Endres served on the Committee until his retirement in November 2006. Dr. Daniels joined the Committee in November 2006. The Board of Directors has determined that each of the members of the Committee is independent within the meaning of Rule 4200. See "Nominating Procedures" for information regarding the process for identifying and evaluating nominees, procedures for stockholder nominations and director qualifications. The Committee held one meeting during 2006.

The Intellectual Property Committee is appointed by the Board of Directors to review, evaluate and make recommendations to the Board regarding the development, protection, and acquisition of intellectual property that is or may be used in our business. During 2006, the members of the Committee included Stuart F. Daniels, Chairman, Alyn R. Holt and Robert E. Matthiessen. Daniel J. Graham and certain other members of our management team serves as non-voting members of the Committee. The Committee held six meetings in 2006.

Meetings

During the year ended December 31, 2006, the Board of Directors held a total of four meetings. Each of our directors attended at least 75% of the aggregate number of meetings of the Board and meetings of any committee of which he was a member which were held during the time in which he was a director or a committee member, as applicable.

All members of the Board of Directors are encouraged, but not required, to attend our annual meetings of stockholders. Six of our directors attended the 2006 Annual Meeting held on August 2, 2006.

Stockholder Communications with the Board of Directors

Stockholders who wish to communicate directly with the Board of Directors, or with a particular director, may send a letter addressed to our Secretary at 7 Esterbrook Lane, Cherry Hill, NJ 08003. The mailing envelope must contain a clear notation indicating that the enclosed letter is a "Stockholder Board Communication" or "Stockholder Director Communication." All such letters must identify the author as a stockholder and clearly state whether the intended recipients are all members of the Board or just certain specified individual directors. The Secretary will make copies of all such letters and circulate them to the directors addressed. If a stockholder wishes the communication to be confidential, such stockholder must clearly indicate on the envelope that the communication is "confidential." The Secretary will then forward such communication, unopened, to the directors, or director, specified on the envelope, or if none, to the Chairman of the Board of Directors.

Compensation Procedures

The Compensation Committee was not comprised solely of independent directors during 2006, thus all compensation decisions were also recommended to the Board of Directors for approval by a majority of the independent directors. Under Delaware state law, the Committee has the authority to delegate any or all of its powers and authority to one or more subcommittees, each subcommittee to consist of one or more members of the Committee. No such delegation of authority to a subcommittee has occurred.

The process of considering and determining compensation for executive officers and directors is initiated by an annual review of the individual contributions and performance of each executive officer. At the beginning of each calendar year, the performance of each executive officer for the prior calendar year is evaluated and presented to the Compensation Committee for comment and discussion. Our Chairman is responsible for preparing the evaluation of the President and Chief Executive Officer and for submitting that evaluation and recommending his compensation to the Committee. The President and Chief Executive Officer is responsible for preparing evaluations for the Chief Financial Officer and each of the General Managers of our Product Segments and for presenting those evaluations and recommending their compensation to the Chairman and the Compensation Committee. The Chairman's compensation is determined by the Committee based upon its assessment of the performance of the Chairman and the Chief Executive Officer's overall recommendations regarding executive compensation.

The Compensation Committee has the authority to retain consultants to assist it in fulfilling its responsibilities. Inasmuch as our compensation decisions in 2005 and 2006 involved only reinstatement of prior base salaries and an adjustment of the President and Chief Executive Officer's variable component and the Chief Financial Officer's potential discretionary bonus, an outside review of our executive compensation programs was not undertaken in those years and has not been undertaken since before the cost containment and salary reduction program in 2004.

In addition, management periodically obtains survey data of comparably situated companies from Economic Research Institute ("ERI") to guide it in its compensation recommendations. The specific parameters we define for ERI are job description, company revenue size, company SIC code and geographic location. Based upon these inputs, ERI supplies base salaries, incentive and total compensation information for comparable job descriptions. Where comparable job descriptions do not exist, further analysis is necessary to determine appropriate comparable compensation parameters. Thus, because it is our policy to have both an executive Chairman and a President and Chief Executive Officer, the starting point for our consideration of the compensation for these two positions is determined by combining the ERI data for the position of "Outside Chairman" and the position of "President and Chief Executive Officer" and adjusting for the additional activities and responsibilities of our Chairman.

Changes to director compensation are periodically considered by the Committee and recommended to the Board of Directors for approval. Such changes may be proposed by any director. Any change in the compensation of any director or any group of directors is approved by a majority of non-interested directors, and, if such recommendation applies to the compensation of all directors, by a majority of the independent directors in addition to a majority of the directors then in office. Information regarding director compensation at comparable companies is also obtained periodically from ERI.

Nominating Procedures

Generally, in order to identify and evaluate director nominees, our Nominating and Corporate Governance Committee assesses the qualifications, expertise, performance and willingness to serve of each current director. If as a result of such assessment, or at any other time during the year, the Board of Directors determines a need to add a new director with specific qualifications or to fill a vacancy on the Board, a search will be initiated utilizing appropriate staff support, input from other directors, senior management, and outside contacts, consideration of nominees previously submitted by stockholders, and, if deemed necessary or appropriate, retention of a search firm. An initial slate of candidates satisfying the specific qualifications, if any, and otherwise qualifying for membership on the Board, will be identified and reviewed by the Committee and the Board. The candidates will be prioritized and a determination made as to whether a member of the Committee, another director or member of senior management has a relationship with the preferred candidate and can initiate contacts. If not, contact may be initiated by a search firm. The Chairman and one or more members of the Committee or the Board will interview the prospective candidate. Evaluations and recommendations of the interviewers will be shared with the Committee for final evaluation. The Committee will then meet to consider such recommendations and to determine which candidate (or candidates) it will recommend to the Board for approval. The Committee will evaluate all nominees for director, including nominees recommended by a stockholder, on the same basis.

Each of the nominees for director included in this proxy statement were recommended for re-election by the Committee (which is comprised solely of independent directors) and approved by the Board of Directors, including the Chairman and the Chief Executive Officer.

We will consider director candidates recommended by our stockholders. Pursuant to policies adopted by the Board of Directors, recommendations with regard to nominees for election to the Board of Directors at future annual meetings of stockholders may be submitted in writing, received by the Secretary of inTEST at least 60 days prior to the date on which inTEST first mailed its proxy materials for the prior year's annual meeting of stockholders, or, if inTEST did not have an annual meeting of stockholders in the prior year, 90 days prior to the date of the Annual Meeting. Each notice of nomination must set forth (i) the name, age, business address and, if known, residence address of each nominee, (ii) the principal occupation or employment of each such nominee, (iii) the number of shares of common stock of inTEST which are beneficially owned by each such nominee, (iv) the qualifications of such nominee for service on the Board of Directors, (v) the name and residence address of the proposing stockholder(s), and (vi) the number of shares of common stock owned by the proposing stockholder(s).

Director candidates must meet certain minimum qualifications, including being at least 21 years old and possessing (1) the ability to read and understand corporate financial statements, (2) relevant business experience and professional skills, (3) high moral character and personal and professional integrity, and (4) the willingness to commit sufficient time to attend to his or her duties and responsibilities as a director of a public corporation. In addition, the Nominating and Corporate Governance Committee may consider a variety of other qualities and skills, including (i) expertise in finance, economics, technology or markets related to the business in which inTEST and its subsidiaries may engage, (ii) the ability to exercise independent decision-making, (iii) the absence of conflicts of interest, (iv) diversity of experience, and (v) the ability to work effectively with other directors in collectively serving the long-term interests of all stockholders. Nominees must also meet any applicable requirements of SEC regulations, state law, and inTEST's charter and bylaws.

Approval of Related Party Transactions

We have two policies which apply to transactions involving us and any of our subsidiaries and any director, executive officer, 5% beneficial owner and their related interests. These include the following: (i) Policy Regarding Related Person Transactions and (ii) the Conflict of Interest provisions in the Code of Ethics. The key elements of each of these policies are summarized below.

Policy Regarding Related Person Transactions. This policy applies to certain transactions that involve (i) separately or together with all other transactions involving the same Related Person (as defined below), \$120,000 or more (or in the case of a Related Person who is a non-employee director, \$60,000 or more), in the aggregate, in any calendar year, (ii) us or any of our subsidiaries as a participant, and (iii) any Related Person, directly or indirectly (other than solely as a result of being a director or a less than 10% beneficial owner of another entity), as a participant. For purposes of this policy, a Related Person is a (a) person who is (or was at anytime since the beginning of the last fiscal year for which the Corporation has filed an annual report on Form 10-K) an executive officer, director or nominee for election as a director, (b) greater than 5% beneficial owner of our common stock, or (c) immediate family member of any of the foregoing. An "immediate family member" means (x) any child, step child, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law or sister-in-law of such Related Person and (y) any person (other than tenant or employee) sharing the household of such Related Person. Certain transactions are exempt from the policy where disclosure under applicable SEC rules and regulations is not required.

A transaction subject to this policy must be reviewed and approved or ratified by the Corporate Governance and Nominating Committee. If the incremental amount involved is expected to be less than \$250,000, the transaction may be approved or ratified by the Chair of the Committee. If the Related Person is a director and a member of the Committee, then the Related Person Transaction shall be approved or ratified (as applicable) by a majority of the disinterested directors then serving on the Committee. As part of its review of a subject transaction, the Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than the terms generally available to an unaffiliated third-party under the same or similar circumstances and the extent of the Related Person's interest in the transaction. Transactions involving ongoing relationships with a Related Person will be reviewed and assessed at least annually by the Committee to ensure that such transaction remains appropriate and in compliance with the Committee's guidelines. The Committee's activities with respect to the review and approval or ratification of all subject transactions are reported to the Board of Directors.

Code of Ethics. Our Code of Ethics requires that directors and employees, including executive officers, should avoid any situation that might lead to a real or apparent conflict of interest between him or her self interest and his or her duties and responsibilities as an employee or director. A conflict of interest could arise if we were to enter into a transaction with a director, officer or other employee, or their related interests or family members. In the case of a director or an executive officer, any potential waiver of the Code of Ethics that would arise from such a conflict of interest must be approved by the Board of Directors.

COMPENSATION OF EXECUTIVE OFFICERS AND DIRECTORS

COMPENSATION DISCUSSION & ANALYSIS

Overview

The following discussion describes:

- the objectives of the executive compensation program at inTEST;
- what the compensation program is intended to reward;
- all elements of compensation provided under the program;
- the reasons why these elements of compensation have been selected;
- how the amounts of each element are determined; and
- how each element and related decisions fit into inTEST's overall compensation objectives.

Objectives of Executive Compensation Program

The Compensation Committee is committed to the general principle that executive compensation should be commensurate with our performance and the performance of the individual executive officer. The primary objectives of our executive compensation program are to:

- attract and retain executive officers who demonstrate the leadership and management skills necessary to drive our long-term success;
- reward the achievement of our business goals and individual contributions toward achievement of those goals; and
- provide compensation opportunities linked to our performance and the interests of our stockholders.

Decisions regarding our executive compensation program reflect the individual contributions and performance of each executive officer as well as our overall business goals and strategies, the business cycle of our industry and prior cost-containment initiatives and adjustments. Thus, our compensation decisions in 2006 reflect decisions we had made in November 2004, when, in response to a sharp downturn in our markets, we implemented an organizational restructuring with the goal of reducing our fixed operating costs. The restructuring resulted in the elimination of a number of executive officer positions and an increase and realignment of the responsibilities of remaining positions. The restructuring also resulted in a 20% reduction in certain of our executive officers' base salaries. Following the cost containment and salary reduction program in 2004, we reinstated these base salaries when current assessments of our profitability, balanced against the competing objectives of retaining and incenting our management team, supported such adjustments.

Benchmarking Policies

Our executive compensation program has been developed with reference to the executive compensation practices of comparable companies, which in the past has included public companies within our Standard Industry Code (Special Industry Machinery) that generate similar revenues. The survey data for comparable companies is geographically normalized. In general, it has been our policy to benchmark total compensation for executive officers at approximately the 66th percentile of the competitive data, although in practice, variances ranging from below the 50th percentile to above the 75th percentile have existed because of adjustments for individual factors such as experience, individual performance and differences in job responsibilities and functions as compared to the available competitive data.

Our management believes that the interests of our stockholders are best served by an executive compensation program that includes a significant incentive or variable component based on our performance for executive officers who have price-setting authority. In allocating total compensation between fixed pay, like base salary and benefits, and variable pay for these executive officers, our general policy has been to structure compensation so that the portion achievable through variable pay represents approximately one third of the executive's total compensation opportunity.

Elements of Compensation

Our executive compensation program is comprised of four primary components:

- base salary and benefits;
- variable, performance-based compensation, or, for our Chief Financial Officer, a discretionary bonus;
- stock-based awards; and
- certain change in control payments.

The following discussion explains the elements of compensation provided to our executive officers for 2006.

Base Salary and Benefits. We determined in early 2005, that the 2004 salary reductions for our Chief Financial Officer and General Manager of Temperature Management Product Segment were inappropriate given the level of their responsibilities, and consequently, their salary reductions were restored. To offset the increase in the Chief Financial Officer's base salary and remain cash flow neutral, we accepted the proposal of the Chairman to have his salary reduced by an amount equal to the Chief Financial Officer's increase. Later in 2005, the base salary of the General Manager of the Temperature Management Product Segment was increased to reflect the relatively stronger performance of that product segment and to further align his salary with his increased responsibilities.

In light of our return to overall profitability in the first part of 2006, the prior salary reductions for the Chairman, the Chief Executive Officer, and the General Manager of the Manipulator and Docking Hardware Product Segment were restored, effective April 1, 2006. Following such reinstatements, the annual base salary during the remainder of 2006 for each of our executive officers was as follows:

<u>Executive Officer</u>	<u>2006 Annual Base Salaries</u>
Robert E. Matthiessen, President and Chief Executive Officer	\$317,242
Hugh T. Regan, Jr., Treasurer, Chief Financial Officer and Secretary	187,018
Alyn R. Holt, Chairman	275,600
Daniel J. Graham, Sr. Vice President and GM-Manipulator & Docking Hardware Product Segment	205,712
James Pelrin, Vice President and GM-Temperature Management Product Segment	187,565
Dale E. Christman, Vice President and GM-Tester Interface Product Segment	176,000

In addition to annual base salary, our executive officers are provided benefits under the same benefit plans offered to other employees, including a fully-paid health plan, a 401(k) plan with employer matching contributions (not to exceed \$4,750 per officer except in the case of Mr. Pelrin) and employer-paid group life insurance coverage in an amount equal to two and a half times annual pay. Mr. Pelrin participates in the 401(k) plan provided to employees in the Temperature Management Product Segment which limits his matching contribution to \$2,375 and provides an employer profit sharing contribution, allocated to eligible participants on a *pro rata* basis based on compensation. We also provide travel accident insurance for our executive officers in the amount of \$2 million which covers both business as well as personal travel accidents. During 2006, Mr. Pelrin as an employee of the Temperature Management Product Segment was eligible to participate in a program whereby we compensated him for certain unused sick days. In 2007, we instituted an additional program for employees of our other product segments, including our other executive officers, whereby we may, at the employee's election, compensate such employee for unused days for which the employee was entitled to paid time off, up to certain prescribed limits. We do not provide other material benefits or perquisites to our executives.

Variable Compensation. Given the cyclical nature of our business, we believe it is in the best interests of our stockholders to align the payment of variable, performance based compensation with the achievement of financial results for the period during which the results are achieved. As has been our practice for many years, variable compensation for 2006 and 2005 was provided to each of our executive officers, other than our Chief Financial Officer and Chairman, under an annual incentive program tied to the pre-tax profitability of our product segments, as follows:

- *President and Chief Executive Officer* - For 2005, the annual incentive for our President and Chief Executive Officer was based on a percentage of our overall, consolidated pre-tax profits. Under this structure no incentive payment was made to our President and Chief Executive Officer for 2005, even though our Temperature Management Product Segment achieved profitability. Consequently, the annual incentive formula for our President and Chief Executive Officer was restructured for 2006 to include a component tied to the profitability of each product segment in addition to a component tied to overall, consolidated profitability. For 2006, our President and Chief Executive Officer was entitled to a cash payment equal to 1% of our overall, consolidated pre-tax profit plus 0.5% of the pre-tax profit of each of our three product segments. For 2007, our President and Chief Executive Officer will be entitled to a cash payment equal to 1% of consolidated pre-tax profits plus 1% of each product segment's pre-tax profits.
- *General Managers of Product Segments* - For 2006, as for 2005, each of the General Managers of our three product segments were entitled to a cash payment equal to 1.5% of the pre-tax profit for the product segment he manages. For 2007, each of the General Managers of our three product segments will be entitled to a cash payment equal to 2% of the pre-tax profit for the product segment he manages.

Based on the pre-tax profits achieved by each of our product segments for 2006, annual variable compensation was as follows:

<u>Executive Officer</u>	<u>Variable Compensation for 2006</u>
Robert E. Matthiessen	\$65,015
Daniel J. Graham	\$43,156

For 2006, as for 2005, the Chief Financial Officer was eligible for a discretionary bonus not exceeding \$80,000, provided pre-tax profits were achieved for 2006. The annual discretionary bonus for our Chief Financial Officer for 2006 was \$52,012. This amount, which was not subject to a pre-established formula, was determined at the discretion of the Board of Directors upon the recommendation of the President and Chief Executive Officer, based on the performance of the Chief Financial Officer. For 2007, the Chief Financial Officer will be eligible for a discretionary bonus not exceeding \$100,000, provided pre-tax profits are achieved, and subject to the recommendation of the President and Chief Executive Officer and approval of the Compensation Committee.

Incentive compensation is not provided to our Chairman who is one of our significant stockholders.

Stock-Based Awards. Our compensation in the past has included the issuance of stock options to executive officers and other employees as a form of incentive compensation. Stock options were favored in large part due to the favorable accounting treatment given such awards under prior accounting standards. Under prior accounting rules, no compensation expense was recognized for financial reporting purposes with respect to stock options issued at market value on the date of grant. With the implementation of FAS 123R, compensation expense is required to be recognized for stock option awards throughout their term, even if the executive does not realize any value from the options should the stock price fall below the exercise price. In addition, because our business is inherently cyclical, our stock price has varied significantly from period to period which has reduced the perceived incentive value of option awards. For these reasons, we have eliminated the use of stock options as a regular part of our executive compensation program.

To offset the effects of our salary reduction program while preserving cash, awards of restricted stock were made to certain executive officers, key employees and directors in November of 2004. These restricted stock awards vest in 25% annual increments on each of the first four anniversaries of the initial grant. Thus, 50% of such awards have vested at this time, and 50% remain subject to vesting during 2007 and 2008. Vesting is accelerated upon the death or disability of the grantee or a change of control. See "Potential Payments Upon Termination Following a Change of Control" below.

No restricted stock or stock option awards were issued to executive officers during 2005 or 2006. The aggregate market value of the shares granted in 2004 that have not yet vested, based upon the closing market price of our stock at the end of 2006, is provided in the "Outstanding Equity Awards at Fiscal Year-End" table, below.

In March 2007, coupled with a decision not to increase their base salaries, we granted restricted stock awards to our executive officers as follows: Matthiessen and Regan - 10,000 shares, each; Graham, Christman and Pelrin - 9,000 shares each. Such shares will vest in 25% increments on each of the first four anniversaries of the date of grant.

Change in Control Payments. We have change of control agreements with our President and Chief Executive Officer and our Chief Financial Officer. Payments under these agreements would be triggered in the event of certain transactions or events that would result in a significant change in the ownership or control of our business, but only if within a year following such an event, the executive actually experiences a loss of employment, is required to relocate, or experiences a significant diminution of his job responsibilities or decrease in his compensation. The purpose of these agreements is to minimize the personal distractions these key executives may face in negotiating transactions that may be in the best interests of stockholders but present the potential for employment loss for the executive. These change in control benefits are described in more detail in the section entitled "Potential Payments Upon Termination Following a Change of Control", below.

Stock Ownership Policy

Our management encourages all officers and directors to hold inTEST stock, although we have no formal stock ownership requirements or guidelines. Individual financial needs vary and will determine the individual investment decisions of our executive officers. Our Insider Trading Policy includes policies regarding the hedging of economic risk associated with ownership of our stock by prohibiting short sales, purchases on margins and writing of put and call options with respect to our stock.

Potential Payments Upon Termination Following a Change in Control

We have Change of Control Agreements with Messrs. Matthiessen and Regan. These Change of Control Agreements provide for the payment of certain benefits upon the executive's termination of employment by us without Cause or by the executive for Good Reason within two years following a Change of Control. These benefits consist of the continuation of the executive's base salary and fringe benefits for the one year period following the termination of his employment and, in the case of Mr. Matthiessen, payment of the variable performance based compensation that he would have earned for such one year period, and, in the case of Mr. Regan, payment of an amount calculated to approximate the discretionary bonus that he would otherwise have received for such one year period.

Under the Change of Control Agreements, a Change of Control occurs in the event of

- our dissolution or liquidation;
- the sale of substantially all of our assets, except to a stockholder who as of the date of the Change of Control Agreements owned 20% or more of our stock (a "Related Person");

- our merger or consolidation with another company unless our stockholders own stock in that company in the same proportion that they own stock in us prior to the transaction;
- any person or entity other than a Related Person obtains the voting control of 40% or more of our stock; or
- our directors and those persons our directors may nominate to become our directors, cease to comprise a majority of our Board members.

Under the Change of Control Agreements, a termination for "Cause" means the executive's termination by us because of an act of fraud upon the Company, his willful refusal to perform the duties assigned to him by the Board or his conviction for any crime involving dishonesty or breach of trust or for any crime that is a felony or of moral turpitude.

A termination for "Good Cause" under the Change of Control Agreements means the executive's voluntary termination because of a material adverse change in his status, responsibilities or benefits; a failure to be nominated or elected to his current officer position; an assignment of duties inconsistent with his current officer position; a reduction in salary or variable performance based compensation; or a requirement to relocate more than thirty miles from his current office.

The benefits payable under the Change of Control Agreements are subject to the release of any claims that Messrs. Matthiessen and Regan may have against us pursuant to the agreements as we may request. Fringe benefits will be reduced or eliminated to the extent that comparable benefits are received from another source. Furthermore, the benefits will be reduced to the extent that the payments would not be deductible by us (in whole or in part) under Section 280G of the Internal Revenue Code.

Also, in the event of a Change of Control, all equity awards issued to our executive officers become 100% vested. For purposes of equity awards under the inTEST Corporation 2007 Stock Plan, the definition of Change in Control is the same as defined above. For purposes of the Amended and Restated inTEST Corporation 1997 Stock Plan, a Change of Control occurs in the event of:

- our dissolution or liquidation;
- the sale of substantially all of our assets,
- our merger or consolidation with another company unless our stockholders own stock in that company in the same proportion that they own stock in us prior to the transaction; or
- any person or entity other than a Related Person obtains the voting control of 50% or more of our stock.

The amount of compensation payable to Messrs. Matthiessen and Regan in each circumstance is shown in the table below, assuming that termination of employment occurred as of December 31, 2006 and the accelerated vesting of restricted shares on such date:

<u>Named Executive Officer</u>	Payments Due Upon Termination Without Cause, or for Good Reason, Following Change in Control
Robert E. Matthiessen	\$470,092
Hugh T. Regan, Jr.	\$294,015

APPROVAL OF THE inTEST CORPORATION 2007 STOCK PLAN

Description

Subject to stockholder approval as described in this proxy statement, the Board of Directors approved the inTEST Corporation 2007 Stock Plan (the "2007 Plan") effective as of March 29, 2007. The Board of Directors approved the 2007 Plan in order to ensure that we are able to continue to retain, incent and attract existing and future directors, officers, key employees and consultants through grants of stock options and restricted stock awards. We have previously issued such awards pursuant to the inTEST Corporation Amended and Restated 1997 Stock Plan (the "1997 Plan"). The 1997 Plan, however, expired by its terms on March 31, 2007, except that any options or stock awards granted on or prior to that date remain effective according to their respective terms. As of March 31, 2007, there were 556,550 shares reserved for issuance under the 1997 Plan pursuant to stock options awarded from 1997 through 2005, each of which have a 10 year term.

Plan Provisions

The following information provides a summary of the 2007 Plan. This summary is qualified in its entirety by the terms of the 2007 Plan which is attached to the proxy statement as Appendix A.

The purpose of the 2007 Plan is to promote our overall financial objectives by motivating those of our directors, officers, key employees and consultants who are selected to participate in the 2007 Plan to achieve long-term growth of our equity and by retaining the association of those individuals who are instrumental in achieving this growth. The 2007 Plan provides incentives to these persons to enter into or remain in our service or employ and to devote themselves to our success by granting to such persons an opportunity to acquire or increase their interest in our common stock through receipt of (i) rights ("Options") to acquire shares of our common stock or (ii) awards of restricted shares of our common stock ("Stock Awards").

The 2007 Plan consists of two parts: the Non-Qualified Plan and the Key Employee Plan. Our directors and consultants are eligible to participate in the Non-Qualified Plan, and our officers and other key employees are eligible to participate in the Key Employee Plan. As amended, the 2007 Plan will permit the granting of Options or Stock Awards for up to 500,000 shares of our common stock. All or any portion of such Options and Stock Awards may be granted to our officers and key employees.

The Non-Qualified Plan and Key Employee Plan is administered by the Compensation Committee of our Board of Directors (the Compensation Committee is referred to herein as the "Administrator"). The Administrator has sole discretion to determine when and to whom awards will be granted, the number of shares covered by each award, the type of award, and the terms, provisions and kind of consideration payable, if any, with respect to any award under the 2007 Plan,

subject to the provisions of the 2007 Plan. In determining the persons to whom awards will be granted and the number of shares covered by each award, the Administrator may take into account the duties of the respective persons, their present and potential contribution to our success and such other factors as the Administrator shall deem relevant.

Options granted under the Key Employee Plan may be "incentive stock options" ("ISOs"), within the meaning of Section 422 of the Internal Revenue Code of 1986, as amended (the "Code"), or non-qualified stock options ("NQSOs"). Options granted under the Non-Qualified Plan will be NQSOs. The exercise price of any Option will be determined by the Administrator, and, in the case of ISOs, will not be less than 100% of the Fair Market Value (as defined in the 2007 Plan) on the date of grant. In the case of ISOs, certain limitations will apply with respect to the aggregate value of option shares which can become exercisable for the first time during any one calendar year, and certain additional limitations will apply to ISOs granted to persons who, at the time the option is granted, own more than 10% of the outstanding voting power of our stock. The Administrator may provide in the option contract that the payment of the option price may be made in cash, by delivery of shares of common stock held by the optionee for more than one year and having a Fair Market Value equal to such option price, by a combination thereof or by any other method the Administrator may approve.

Generally, Options granted under the 2007 Plan (unless otherwise determined by the Administrator at the time of grant), to the extent not earlier exercised, expire on the earliest of (i) the last business day immediately preceding the tenth anniversary of the date of grant, (ii) one year following the optionee's termination of his or her employment or service (unless such termination is for cause, as defined in the 2007 Plan, in which case any options held by such optionee will terminate immediately upon a finding that the termination was for cause) or (iii) a date set by the Administrator upon a finding that a change in the financial accounting treatment for the Options has been adopted that may have a material adverse effect on us. In addition, in the event of a Change of Control, as defined in the 2007 Plan, the Administrator may take whatever action with respect to outstanding options it deems necessary or advisable, including accelerating the expiration date of any such outstanding option to a date not earlier than thirty (30) days from the date notice of such acceleration is given to the respective optionee or terminate any Option that may not have then vested.

The Administration has the right to amend any outstanding Option, subject to the optionee's consent if such amendment is not favorable to the optionee, except that the consent of the optionee shall not be required for any amendment made in the event of a Change of Control. Notwithstanding the foregoing, the Administrator may not take any of the following actions without stockholder: (i) reduce the exercise price of an outstanding Option, (ii) exchange an Option that has an exercise price that is greater than the Fair Market Value of a share for cash or shares, or (iii) cancel an Option in exchange for a replacement Option.

The 2007 Plan further provides for the granting of Stock Awards, which are awards of our common stock, either with or without payment of consideration therefor. Stock Awards will be subject to such restrictions as the Administrator determines is appropriate, as evidenced in written award document, including, without limitation, restrictions on the sale or other disposition of the shares of stock so awarded and our right to reacquire such shares upon termination of the recipient's employment or service.

Participation in the 2007 Plan is at the discretion of the Administrator of the 2007 Plan. Future participation will be based upon determinations which the Administrator may make in the future, so it is not possible to state the benefits that will be awarded to any of our directors, executive officers or other officers.

The following table shows the number of securities that may be issued pursuant to our equity compensation plans (including individual compensation arrangements) as of March 31, 2007:

<u>Plan Category</u>	<u>Number of securities to be issued upon exercise of outstanding options, warrants and rights(1)</u>	<u>Weighted-average exercise of outstanding options, warrants and rights(1)</u>	<u>Number of securities remaining available for future issuance under equity compensation plans(1)</u>

Equity compensation plans not approved by security holders	-	-	-
Total	<u>556,550</u>	<u>\$3.89</u>	<u>-0-</u>

(1) The securities that may be issued are shares of inTEST common stock, issuable upon exercise of stock options granted pursuant to our 1997 Plan from 1997 to 2005, each of which has a ten year term.

5.2 Non-Qualified Plan Options. Options granted under the Non-Qualified Plan shall be NQSOs. Such Options may be granted to Directors and Consultants at such times, in such amounts, and on such terms and conditions as determined by the Administrator in accordance with the terms of the Plan.

5.3 Terms and Conditions of Options. Options granted pursuant to the Plan shall be evidenced by written documents ("Option Documents") in such form as the Administrator shall from time to time approve, subject to the following terms and conditions. Option Documents may also contain such other terms and conditions (including vesting schedules for the exercisability of Options) which the Administrator shall from time to time provide which are not inconsistent with the terms of the Plan. Persons to whom Options are granted are hereinafter referred to as "Optionees."

(a) **Number of Option Shares.** Each Option Document shall state the number of shares of Common Stock ("Option Shares") to which it pertains. If the aggregate fair market value of Option Shares with respect to which ISOs are exercisable for the first time by an Optionee during any calendar year (determined as of the date the ISO is granted) and any options granted under other incentive stock option plans of the Company exceed \$100,000, the portion of such options in excess of \$100,000 shall be treated as options which are not ISOs in accordance with Section 422(d) of the Code.

(b) **Option Price.** Each Option Document shall state the price at which an Option Share may be purchased (the "Option Price"), which shall be not less than 100% of the "Fair Market Value" of a share of the Common Stock on the Grant Date. If the Common Stock is listed on a national securities exchange, the Fair Market Value is the closing price of the Common Stock on the relevant date (or, if such date is not a business day or a day on which quotations are reported, then on the immediately preceding date on which quotations were reported), as reported by the principal national exchange on which such shares are traded (in the case of an exchange). If the Common Stock is not listed on a national securities exchange, the Fair Market Value will be as determined by the Administrator in good faith in accordance with Section 409A of the Code. If an ISO is granted to an Optionee who then owns, directly or by attribution under Section 424(d) of the Code, shares possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company, then the Option Price shall be not less than One Hundred and Ten Percent (110%) of the Fair Market Value of an Option Share on the Grant Date.

(c) **Medium of Payment.** An Optionee shall pay for Options Shares (i) in cash, (ii) by bank check payable to the order of the Company or (iii) by such other mode of payment as the Administrator may approve, including payment through a broker in accordance with procedures permitted by Regulation T of the Federal Reserve Board. Furthermore, the Administrator may provide in an Option Document that payment may be made in whole or in part in shares of the Common Stock held by the Optionee for more than one year. If payment is made in whole or in part in shares of the Common Stock, then the Optionee shall deliver to the Company certificates registered in the name of such Optionee representing shares of Common Stock legally and beneficially owned by such Optionee, free of all liens, claims and encumbrances of every kind and having a Fair Market Value on the date of delivery of such notice that is not less than the Option Price of the Option Shares with respect to which such Option is to be exercised, accompanied by stock powers duly endorsed in blank by the record holder of the shares represented by such certificates. If certificates for shares of the Company's Common Stock delivered to the Company represent a number of shares in excess ("Excess Shares") of the number of shares required to make payment for the Option Price of the Option Shares (or the relevant portion thereof) with respect to which such Option is to be exercised by payment in shares of Common Stock, the stock certificate issued to the Optionee shall represent the total of the Option Shares in respect of which payment is so made plus such Excess Shares. Notwithstanding the foregoing, the Board of Directors, in its sole discretion, may refuse to accept shares of Common Stock in payment of the Option Price. In that event, any certificates representing shares of Common Stock which were delivered to the Company shall be returned to the Optionee with notice of the refusal of the Board of Directors to accept such shares in payment of the Option Price. The Board of Directors may impose such limitations or prohibitions on the use of shares of the Common Stock to exercise an Option as it deems appropriate, subject to the provisions of the Plan.

(d) **Initial Exercise.** The Administrator shall determine and set forth in the Option Document the time at which an Option may first be exercised.

(e) **Termination of Options.** All Options shall expire at such time as the Administrator may determine and set forth in the Option Document, which date shall not be later than the last business date immediately preceding the tenth anniversary of the Grant Date of such Option (the "Expiration Date"). No Option may be exercised later than the Expiration Date. Notwithstanding the foregoing, no Option shall be exercisable after the first to occur of the following:

(i) In the case of an ISO, five years from the Grant Date if, on the Grant Date the Optionee owns, directly or by attribution under Section 424(d) of the Code, shares possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Company;

(ii) The date set by the Board of Directors of the Company to be an accelerated expiration date after a finding by the Board of Directors of the Company that a change in the financial accounting treatment for Options from that in effect on the date the Plan was adopted materially adversely affects or, in the determination of the Board of Directors, may materially adversely affect in the foreseeable future, the Company, provided the Board of Directors may take whatever other action, including acceleration of any exercise provisions, it deems necessary should it make the determination referred to hereinabove;

(iii) Expiration of one year (or such shorter period as the Administrator may select and set forth in the Option Document) from the date the Optionee's employment or service with the Company terminates for any reason other than circumstances described by Subsection (e)(v), below;

(iv) In the event of a "Change in Control" (as defined in Subsection (f) below), the Administrator can (A) accelerate the Expiration Date of any Option which has vested provided an Optionee who holds an Option is given written notice at least thirty (30) days before the date so fixed, (B) terminate any Option which has not then vested or (C) accelerate the vesting schedule of any Option; or

(v) In the case of an Option granted under the Key Employee Plan, a finding by the Committee, that the Optionee has been discharged from employment with the Company for Cause. For purposes of this Section, "Cause" shall mean: (A) a breach by Optionee of his employment agreement with the Company, (B) a breach of Optionee's duty of loyalty to the Company, including without limitation any act of dishonesty, embezzlement or fraud with respect to the Company, (C) the commission by Optionee of a felony, a crime involving moral turpitude or other act causing material harm to the Company's standing and reputation, (D) Optionee's continued failure to perform his duties to the Company or (E) unauthorized disclosure by Optionee of trade secrets or other confidential information belonging to the Company. In the event of a finding that the Optionee has been discharged for Cause, in addition to immediate termination of the Option, the Optionee shall automatically forfeit all Option Shares for which the Company has not yet delivered the share certificates upon refund of the Option Price.

(f) **Change of Control.** A "Change of Control" shall be deemed to have occurred upon the earliest to occur of the following events:

(i) The date the stockholders of the Company (or the Board of Directors, if stockholder action is not required) approve a plan or other arrangement pursuant to which the Company will be dissolved or liquidated;

(ii) The date the stockholders of the Company (or the Board of Directors, if stockholder action is not required) approve a definitive agreement to sell or otherwise dispose of all or substantially all of the assets of the Company to any "Unrelated Person" or "Unrelated Persons" (as defined below) acting in concert with one another. "Person" means any entity, person or group (within the meaning of Section 13(d)(3) or Section 14(d)(2) of the Exchange Act of 1934. "Unrelated Person" means any Person other than (1) the Company or any of its Affiliates or any employee benefit plan (or related trust) sponsored or maintained by the Company or any of its Affiliates or (2) any Person who, on the date of this Agreement is the beneficial owner of at least twenty percent (20%) of the outstanding Common Stock of the Company. "Affiliates" means any corporation or other business organization in which the Company owns, directly or indirectly, 50% or more of the voting stock or capital;

(iii) The date the stockholders of the Company (or the Board of Directors, if stockholder action is not required) and the stockholders of the other constituent corporation (or its board of directors if stockholder action is not required) have approved a definitive agreement to merge or consolidate the Company with or into such other corporation, and such other corporation is an Unrelated Person, other than a merger or consolidation of the Company in which holders of shares of the Common Stock of the Company immediately prior to the merger or consolidation will hold at least a majority of the ownership of common stock of the surviving corporation (and, if one class of common stock is not the only class of voting securities entitled to vote on the election of directors of the surviving corporation, a majority of the voting power of the surviving corporation's voting securities) immediately after the merger or consolidation, which common stock (and, if applicable, voting securities) is to be held in substantially the same proportion as such holders' ownership of the Common Stock of the Company immediately before the merger or consolidation;

(iv) The date any Unrelated Person will have become the beneficial owner of, or will have obtained voting control over, more than forty percent (40%) of the outstanding shares of the Common Stock of the Company; or

(v) The date individuals who, as of the date of this Agreement, constitute the Board of Directors of the Company (the "Incumbent Directors") cease for any reason to constitute a majority of the members of the Board; provided that any individual who becomes a director after the date of this Agreement whose election or nomination for election by the Company's stockholders was approved by a majority of the Incumbent Directors (other than an election or nomination of an individual whose initial assumption of office is in connection with an actual or threatened "election contest" relating to the election of the directors of the Company (as such terms are used in Rule 14a-11 under the Exchange Act), "tender offer" (as such term is used in Section 14(d) of the Exchange Act) or a proposed merger) will be deemed to be an Incumbent Director.

(g) **Transfers.** No ISO granted under the Plan may be transferred, except by will or by the laws of descent and distribution. During the lifetime of the person to whom an ISO is granted, such Option may be exercised only by such person. No NQSO under the Plan may be transferred, except by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order as defined by the Code or Title I of the Employee Retirement Income Security Act, or the rules thereunder.

(h) **Other Provisions.** The Option Documents shall contain such other provisions including, without limitation, additional restrictions upon the exercise of the Option or additional limitations upon the term of the Option, as the Administrator shall deem advisable.

(i) **Amendment.** The Administrator shall have the right to amend Option Documents issued to an Optionee, subject to the Optionee's consent if such amendment is not favorable to the Optionee, except that the consent of the Optionee shall not be required for any amendment made in the event of a Change of Control. Notwithstanding the foregoing, the Administrator shall not take any of the following actions without the approval of a majority of the shares present in person or represented by proxy at a duly convened meeting and entitled to vote thereon: (i) reduce the exercise price of an outstanding Option, (ii) exchange an option that has an exercise price that is greater than the Fair Market Value of a share for cash or shares, or (iii) cancel an Option in exchange for a replacement Option.

5.4 **Exercise.**

(a) **Notice.** No Option shall be deemed to have been exercised prior to the receipt by the Company of written notice of such exercise and of payment in full of the Option Price for the Option Shares to be purchased. Each such notice shall (i) specify the number of Option Shares to be purchased, (ii) satisfy the securities law requirements set forth in this Section 5.4, and (iii) in the case of an ISO, state that the Optionee acknowledges that the Options Shares may not be sold within one year of exercise or two years from the Grant Date and that the Option must be exercised within three months following termination of employment or, in the case of termination of employment because of death or disability, one year from the date of death or disability, in order to maintain the ISO status of the Option.

(b) **Restricted Stock.** Each exercise notice shall (unless the Option Shares are covered by a then current registration statement or a Notification under Regulation A under the Securities Act of 1933, as amended (the "Securities Act")), contain the Optionee's acknowledgment in form and substance satisfactory to the Company that (i) such Option Shares are being purchased for investment and not for distribution or resale (other than a distribution or resale which, in the opinion of counsel satisfactory to the Company, may be made without violating the registration provisions of the Securities Act); (ii) the Optionee has been advised and understands that (A) the Option Shares have not been registered under the Securities Act and are "restricted securities" within the meaning of Rule 144 under the Securities Act and are subject to restrictions on transfer and (B) the Company is under no obligation to register the Option Shares under the Securities Act or to take any action which would make available to the Optionee any exemption from such registration, (iii) such Option Shares may not be transferred without compliance with all applicable federal and state securities laws, and (iv) an appropriate legend referring to the foregoing restrictions on transfer and any other restrictions imposed under the Option Documents may be endorsed on the certificates. Notwithstanding the above, should the Company be advised by counsel that the issuance of Option Shares upon the exercise of an Option should be delayed pending (A) registration under federal or state securities laws, (B) the receipt of an opinion that an appropriate exemption therefrom is available, (C) the listing or inclusion of the Option Shares on any securities exchange or in an automated quotation system or (D) the consent or approval of any governmental regulatory body whose consent or approval is necessary in connection with the issuance of such Option Shares, the Company may defer the exercise of any Option granted hereunder until either such event in A, B, C or D has occurred.

(c) **Notice of Disqualifying Disposition.** An Optionee shall notify the Administrator if any Option Shares received upon the exercise of an ISO are sold within one year of exercise or two years from the Grant Date.

ARTICLE VI **STOCK AWARDS**

6.1 Grants of Stock Awards. Stock Awards will consist of shares of Common Stock ("Bonus Shares") transferred to recipients ("Recipient"), either without payment therefor or with such payment as may be required by the Administrator, as additional compensation for such Recipient's service to the Company. Stock Awards shall be subject to such terms and conditions as the Administrator determines appropriate as evidenced in a written document (an "Award Document"), including, without limitation, restrictions on the sale or other disposition of such Bonus Shares and rights of the Company to reacquire such Bonus Shares upon termination of the Recipient's employment or service within specified periods.

6.2 Transferability; Legends. Bonus Shares may be transferred only if (i) the Bonus Shares are securities covered by a then current registration statement or a Notification under Regulation A under the Securities Act, or such transfer complies with the requirements of Rule 144 of the Exchange Act; and (ii) such transfer does not violate any restriction imposed on the Stock Award. The Bonus Shares may bear a legend referring to (x) the restrictions on transferability of such Bonus Shares, or (y) if the Recipient is subject to Section 16 of the Exchange Act at the time the Bonus Shares are issued, the liability which may arise under Section 16 upon disposition of the Bonus Shares.

ARTICLE VII **ADMINISTRATION**

7.1 Administrator. The Administrator for purposes of the Non-Qualified Plan and the Key Employee Plan will be the Compensation Committee of the Board of Directors (the "Committee"). The Committee shall operate and administer the Plan, including the grant of Options and Stock Awards. The Committee may make such interpretations and construction of the Plan as it deems appropriate or necessary from time to time in its sole discretion, such interpretations and construction of the Plan to be final, binding and conclusive.

7.2 Meetings. The Committee shall hold meetings at such times and places as it may determine. Acts approved at a meeting by a majority of the members of the Committee or acts approved in writing by the unanimous consent of the members of the Committee shall be the valid acts of the Committee.

7.3 Discretion of Committee and the Board of Directors. The Committee shall from time to time at its discretion grant Benefits pursuant to the terms of the Key Employee Plan and the Board of Directors shall from time to time at its discretion grant Benefits pursuant to the terms of the Non-Qualified Plan. The Administrator, as the case may be, shall have plenary authority to determine the Optionees or Recipients (each a "Participant") to whom and the times at which Benefits shall be granted, the number of Plan Shares to be covered by such grants and the price and other terms and conditions thereof, including a specification with respect to whether an Option is intended to be an ISO, subject, however, to the express provisions of the Key Employee Plan and compliance with Rule 16b-3(d) under the Exchange Act. In making such determinations the Administrator may take into account the nature of the Participant's services and responsibilities, the Participant's present and potential contribution to the Company's success and such other factors as it may deem relevant. The interpretation and construction by the Administrator of any provision of the Plan or of any benefit granted under it shall be final, binding and conclusive.

7.4 No Liability. No member of the Board of Directors or the Committee shall be personally liable for any action or determination with respect to the Plan or any benefit thereunder, or for any act or omission of any other member of the Board of Directors or the Committee, including but not limited to the exercise of any power and discretion given to him under the Plan, except those resulting from (i) any breach of such person's duty of loyalty to the Company or its stockholders, (ii) acts or omissions not in good faith or involving intentional misconduct or a knowing violation of law or (iii) any transaction from which such person derived an improper personal benefit.

7.5 Indemnification. In addition to such other rights of indemnification as he may have as a member of the Board of Directors or the Committee, and with respect to the administration of the Plan and the granting of Benefits hereunder, each member of the Board of Directors and of the Committee shall be entitled to be indemnified by the Company to the fullest extent permitted by applicable law, for all expenses (including but not limited to reasonable attorneys' fees and expenses), judgments, fines and amounts paid in settlement reasonably incurred by him in connection with or arising out of any action, suit or proceeding with respect to the administration of the Plan or the granting of Benefits hereunder (each a "Proceeding") in which he may be involved by reason of his being or having been a member of the Board of Directors or the Committee, whether or not he continues to be such member of the Board of Directors or the Committee at the time of the incurring of such expenses; provided however, that such indemnity shall not include any expenses incurred by such member of the Board of Directors or Committee in respect of any matter in which any settlement is effected in an amount in excess of the amount approved by the Company on the advice of its legal counsel; and provided further that no right of indemnification under the provisions set forth herein shall be available to or accessible by any such member of the Administrator unless within ten (10) days after institution of any such action, suit or proceeding he shall have offered the Company in writing the opportunity to handle and defend such action, suit or proceeding at its own expense. The foregoing right of indemnification shall inure to the benefit of the heirs, executors or administrators of each such member of the Board of Directors or the Committee and shall be in addition to all other rights to which such member of the Board of Directors or the Committee would be entitled to as a matter of law, contract or otherwise. Expenses (including attorneys' fees) incurred by a member of the Board of Directors or the Committee in defending any Proceeding may be paid by the Company in advance of the final disposition of such Proceeding upon receipt of an undertaking by or such person to repay all amounts advanced if it should be ultimately determined that such person is not entitled to be indemnified under this Article or otherwise, except that no such advance payment will be required if it is determined by the Board of Directors that there is a substantial probability that such person will not be able to repay the advance payments.

7.6 Adjustments on Changes in Common Stock. The aggregate number of shares of Common Stock as to which Options or Stock Awards may be granted under the Non-Qualified Plan and the Key Employee Plan, the number of Option Shares covered by each outstanding Option and the Option Price per Option Share specified in each outstanding Option shall be appropriately adjusted in the event of a stock dividend, stock split or other increase or decrease in the number of issued and outstanding shares of Common Stock resulting from a subdivision or consolidation of the Common Stock or other capital adjustment (not including the issuance of Common Stock on the conversion of other securities of the Company which are convertible into Common Stock) effected without receipt of consideration by the Company. The Board of Directors shall have the authority to determine the adjustments to be made under this Section and any such determination by the Board of Directors shall be final, binding and conclusive, provided that no adjustment shall be made which will cause an ISO to lose its status as such.

ARTICLE VIII **MISCELLANEOUS**

8.1 Amendment of the Plan. The Board of Directors at any time, and from time to time, may terminate, suspend, amend or otherwise modify the Plan in such manner as it may deem advisable. Notwithstanding the foregoing, no amendment of the Key Employee Plan which would change the eligibility of employees or the class of employees eligible to receive an Option or Stock Award or increase the maximum number of shares as to which Options or Stock Awards may be granted will be effective unless such action is approved by the stockholders of the Company to the extent stockholder approval is necessary for the Plan to satisfy the requirements of Section 422 of the Code, Rule 16b-3, any applicable securities exchange listing requirements, or other applicable requirements.

8.2 Continued Employment. The grant of an Option pursuant to the Plan shall not be construed to imply or to constitute evidence of any agreement, express or implied, on the part of the Company to continue the employment of the Participant or the service as a member of the Board of Directors, as a consultant or in any other capacity, whichever the case may be with the Company or any of its Affiliates.

8.3 Withholding of Taxes. Whenever the Company proposes or is required to issue or transfer Option Shares or Bonus Shares, the Company shall have the right to (a) require the recipient or transferee to remit to the Company an amount sufficient to satisfy any federal, state and/or local withholding tax requirements prior to the delivery or transfer of any certificate or certificates for such Option Shares or Bonus Shares, or (b) take whatever action it deems necessary to protect its interests, including withholding a portion of such Option Shares or Bonus Shares.
